NOTICE TO CAR BUYERS

Attention all car buyers and owners!
Here's the best sales and service news
to hit country and city in a long, long
time. E. PELLETIER & SONS LTD., soon
(PELLETIER FORD SALES LTD.) in the town
of Morinville, eleven miles north of St.
Albert on Highway #2, is offering a com-
plete choice of FORD products. That's
right, we are now a dual-line Dealer-
ship, FORD AND MERCURY.
Available, your choice of Falcons, Com-
ets, Fairlanes, Galaxies, Meteors, Mer-
curys, Lincolns, Thunderbirds and Mus-
tangs. Also FORD and MERCURY trucks.
One stop does it all, you purchase the
car and truck of your choice, financing,
insurance and servicing is done right
at our Dealership. We suggest you visit
our Dealership at your earliest conven-
ience. Get acquainted with our reliable
salesmen and service employees. Remem-
ber, we are expecting to see you in the
near future. Also available, good used
cars and trucks.

THIS IS TO MUCH!

As we mentioned last week, a St. Albert postman was badly bitten by a dog, while on duty. Now this week there has been another unpleasant accident. This time a 3 year old girl was severely scratched by a cat. Her face was covered with blood and the scratches narrowly missed her eyes. This is too much!

Please, dog and cat owners, keep your pets in your house or in your fenced yard. Common courtesy demands this from all of us. The law cannot prevent an accident like this child's, it can only be done by you, the owner. Two accidents of this type in one week is ridiculous!

SUPPORT THE PARKS BY-LAW!

Several money bylaws will be published in the coming weeks in our paper. We don't intend to promote these bylaws to the general public because we are sure that our taxpayers are intelligent enough to decide if they can or cannot agree with these expenditures. There is only one exception and this is the Parks Money Bylaw. We would like to promote this bylaw as strongly as possible.

The \$58,300.00 asked in this bylaw is not just for trees, plants, flowers and landscaping in general in the parks, but also will be used for the direct benefit of the youth in our town. A huge part of this \$58,300.00 will be used for building sportsfields, playgrounds, etc., of which at the moment, we have none. We must provide outdoor recreational accommodations for our children as well as our adults in order that they can benefit from our short summer season.

If a small town like Legal can have unlimited outdoor recreational facilities it would be a disgrace if St. Albert, which is 10 times bigger than Legal, couldn't supply our youngsters with these very important facilities. The slogan "Keep Your Kids off the Street" is fine, but if there is nowhere else, where can they go?

We sincerely hope that our citizens will not start any petitions against this "Good Health" bylaw. Think of your children. Give them a chance to enjoy the short summer season in safety.

Statement of Defense A Statement of Defense in regards to the lawsuit between the Town and St. Albert Development, Prepared by town solicitors, Brown, Brownlee, Fryett and Geddes, was approved by Council.

Protection of Parks Council passed readings of Bylaw 19/65 which provides for the protection of all parks in St. Albert.

Town will buy Curling Rink A resolution moved by Mayor John deBruijn to buy the Curling Rink was read to council.

That the Town proceed with By-law 17/62 to purchase from the Bank of Nova Scotia the land, buildings and machinery which presently constitute the St. Albert Curling Rink in the sum of \$95,000.00 and further enter into an Agreement with the St. Albert Curling Club for the rental of these premises for the curling season, terms and rates to be approved by a majority vote of Council, and That a letter be obtained from the Department of Municipal Affairs that it is legally satisfactory to use the 1962 Debenture Bylaw for the present proposed purpose despite the fact that the intent behind the use of the By-law is changed from 1962.

Mayor deBruijn and Councillor Foxitt felt the Town had a moral obligation to complete the proposed purchase of the Curling Rink and in view of the fact the Town Council had passed a resolution to acquire the Curling Rink for \$106,000, and now had an opportunity to do this for \$95,000, under approximately the same conditions, it seemed most prudent to proceed with the purchase. Initial Government had expressed their approval by pointing out to the Mayor there was in fact, a valid bylaw and an existing order from the Local Authorities Board enabling the Town to complete the transaction. The acquisition of the building will definitely aid to recreational facilities in the town.

A lengthy debate ensued regarding the basic terms of the proposed agreement and also regarding the validity of the 1962 bylaw with regard to the purchase under present conditions. Council considered the possible conditions of rental to the St. Albert Curling Club and agreed to the following:

1. That an annual rental of \$7,500.00 per year be paid to the Town by the St. Albert Curling Club. This rental to start on May 1, 1966, and renegotiated on May 1, 1970.
2. That the Curling Club forward to the Town monthly operating statements.
3. That the Curling Club forward to the Town an Annual Financial Statement.
4. That profits earned by the Club will be spent to improve the building and curling rink facilities and that a portion of the profits be set aside in reserve, to offset future costs that might be incurred in the construction of the Club. That the maintenance of the ice making facilities be the responsibility of the Club.
5. That the Club will not undertake construction or development of a new

rink without permission from the Town.

6. That membership will be open to all ratepayers and citizens of St. Albert on an equal basis.

7. That the Recreation Director will be the liaison representative for the Town.

8. That one Councillor of the Town will be a voting member of the Executive of the Curling Club. This Councillor will be appointed by a resolution of Council, each year.

9. That an agreement be drawn in accordance with the Town and Village Act.
10. That the lease will be drawn to cover what is normally considered the curling season.

11. That the Curling Club be allowed to spend up to \$2,500.00 per year out of the net profits of that year, without the ratification of Council, and that anything in excess of this amount must have the approval of Council.

In regards to the resolution to purchase Councillor Stewart stated that he was opposed to the use of the 1962 bylaw for the present proposed purchase, as the bylaws, contained in the Board of Administration, as contained in the minutes was to allow the Curling Club to obtain the temporary building. At that time, the Council had approved the purchase of the building for \$25,000.00 with the Town and there had been a stipulation that the Club, when the Club was about 2,700 sq. feet, be a condition of the temporary building. At a meeting of the Board of Administration, which was held on May 1, 1965, it was decided that the Club should be allowed to purchase the building for \$25,000.00 and the Town should be allowed to purchase the building for \$25,000.00. The Council had approved the purchase of the building for \$25,000.00 and the Town should be allowed to purchase the building for \$25,000.00.

BANK OF MONTREAL - 10 YEARS IN ST. ALBERT
The St. Albert branch of the Bank of Montreal will observe the tenth anniversary of its establishment next Wednesday according to Yvon Bouchard, the manager. Mr. Bouchard said that the office was opened on June 2, 1955, and, for the first three months after opening, it operated under the direction of the main

Edmonton branch, with a staff of three commuting daily from Edmonton. The first office was temporarily located on the north side of the downtown bridge in an old frame structure, which at various times had served as a butcher shop, shoe repair shop and a post office.

By the fall of 1955, the B of M's present office was acquired. Located on the southeast corner of St. Anne and Pilon streets, the building is a two-storey red brick structure, originally built for the Bank of Hochelaga and later occupied by the Union Nationale Bank until the closing of the latter in 1937. In the intervening years, the building had been used as a real estate office, liquor counter, and restaurant.

After extensive alterations to the premises, the building was opened in January, 1956, by Rev. Father Tardif. The branch has had three managers since its establishment. First manager was J. H. Arseneau, who was in charge until 1963. He was followed by J. E. D. A. Desautels, who was succeeded in 1964 by Yvon Bouchard, the present manager.

ST. ALBERT KINSMEN RODEO 104

The past week has seen a tremendous change come over the site of Rodeo 104. Kinsmen Rod McDonald advises that as a result of a great many hours of labour by members of that club, all of the chutes and pens have been erected. It is hoped that the next week will see the completion of the arena proper as well as the entry gates and all other booths. A venture of this magnitude is certainly a big undertaking for St. Albert's Kinsmen Club and deserves the full support of our town. Talk it up with your friends and neighbors and urge them to attend this gala event.

It is understood that one radio station intends to broadcast the entire parade to be held on Saturday morning and that two others are planning partial broadcasts. Parade chairman Bob Porcand advises that plans are progressing satisfactorily and that there is still time to include entries in the parade. Mr. Porcand may be contacted by telephone at 599-6268.

As mentioned in the May 1st issue of the Gazette, Rodeo 104 activities were to include as many other local organizations as possible and this will certainly be the case. Mr. Morley Brown, in charge of Inter-Club Relations, advises that the following groups will be participating: ANGLICAN CHURCH WOMEN - Ice Cream Stand; BETA SIGMA PHI - Hot Dogs and Soft Drinks; BOY SCOUT ASSN. - Complete Food Concession; CANADIAN LEGION - Pancake Breakfast at Parade, Souvenirs; CATHOLIC WOMEN'S LEAGUE - Popcorn Stand; FIRE DEPT. - 40 104 Silver Dollar Raffle; HERCULES CLUB - Bingo; LIONS CLUB - Beef Bar-B-Que; COMMUNITY LEAGUE - Dancing, nightly; ST. ALBERT ON STURGEON PLAYERS - Dunk Tank; UNITED CHURCH WOMEN - Candy Floss Stand. In addition to their raffle, the St. Albert Fire Dept. will act as First Aid Attendants and will look after the lost and found department.

As indicated by the foregoing, a good many St. Albert organizations will be represented at Rodeo 104, and all are definitely deserving of our support. It should be remembered that Rodeo 104 is replacing "Civic Day" activities held in August for the past four years. JUNE

18th and 19th WILL BE ST. ALBERT'S BIRTHDAY PARTY.

Don't forget the Miss Rodeo 104 Contest now in progress. See pictures of the six lovely young ladies competing for this title elsewhere in this week's Gazette. These St. Albert girls and their sponsors are all hard at work, so pick your favourite and give her your support.

We continue our series of feature articles with the fifth major event to be contested at RODEO 104.

Brahma Bull Riding

The legend of "the man who couldn't be thrown" disappeared 'tis said, when he came up against "the bull that couldn't be rode".

Brahma bull riding is the most dangerous practice of the rodeo cowboy, yet, it is the most popular of the riding events. The contest also tops the spectator appeal poll, as Rodeo 104 customers will find out on June 18th and 19th in St. Albert.

Brahma Bull riding succeeded steer riding in 1920 when two southern rodeo promoters realized the spectator appeal of the dangerous, hump-backed, cross-bred Brahma and Mexican fighting bull.

Bullriding is unique in more ways than one in rodeo sport. As in other events, the animal accounts for half the action, but unlike other events, bull riding provides a danger and tenseness, close calls and thrills unequalled by any of the other events. No pickup man follows the bounding Brahma beast, leaving the cowboy to dismount strictly on his own. Alone among rodeo stock, the Brahma deliberately attacks the fallen rider. It is when the rider is helpless on the arena floor that the second great aspect of the event comes into play. Brave funny-men, the rodeo clowns, taunt, tease and distract the bull so the cowboy can escape his enraged mount.

Picture then, the "Mad Scramble", the feature of an annual rodeo at the Texas State Prison. In the Mad Scramble, ten chutes pop open all at the same time, with a mad volcano of bull and rider invading the arena simultaneously. A rodeo clown in his wildest nightmare can hardly visualize working such a rodeo. Bull riding is done with one hand on a loose rope, with or without hand-hold. The rope must have a bell dangling so that when the rider dismounts, the weighted bell will allow the rope to fall

free. Contrary to some opinions the bell is not there to keep the rider awake. A qualified ride lasts eight seconds. Riders are disqualified for touching the animal with their free hand or using sharp spurs. A rider need not spur the bull but will receive additional credit from the judges if he does. Next week we will feature girls barrel racing and will endeavor to present a brief history of one of the most important personnel at any rodeo, the rodeo announcer. The announcer at St. Albert's Rodeo 104 will be Bill Holt of Lolo, Montana.

WELCOME WAGON

Mrs. June Parry, 10 Geneva Cres., St. Albert has returned from Vancouver where she completed a course of training furthering her for the position of Welcome Wagon Hostess which she now holds in this community.

Often referred to as a service which is "in the business of building friendships" Welcome Wagon's basic policy includes co-operation with all Religious, Civic, and Social Service groups; also participation in these activities which keep communities good places in which to live.

The second Hercules dance was also a great success, due largely to the splendid music of the Golden Nuggets. Mr. Gibbon of Edmonton (brother of Mr. Ray Gibbon, St. Albert) was the lucky winner of the beautiful Sunbeam floor polisher kindly donated by Reggies Hardware (formerly Bell's Hardware, St. Anne St.) The executive of Hercules would like to thank all the citizens who supported them at this spring dance. The next dance will be held in October.

Everyone enjoyed themselves at the 2nd Hercules Dance.

STRONG WINDS

If people in St. Albert & district think we have strong winds, they should go to Trieste, Italy, where the wind blows 200 km. per hour. This card which shows what a real wind can do was sent by the former owner of St. Albert's Solo Store, Bruno Benson, who is on holiday in Italy. Better not complain, it could be worse.
